

September 17, 2007

Dear Parents and Guardians:

Attached please find information about a new and exciting Reading Club being offered this fall at IVMS. Many parents have requested assistance in helping their child improve their reading skills; this program will be beneficial for your child. Your child will be given the opportunity to further develop his/her reading skills by utilizing the Soliloquy computer program. Games, activities, snacks, and the chance to win free prizes will also be on the agenda.

We are hoping you will give us the opportunity to help your child improve reading skills and better their scores on upcoming tests, like the PSSA.

Please check the appropriate statement below. If your response is "Yes," then complete the enclosed registration form and return both items to Mrs. Shepherd (Room 205), Mrs. Stauffer (Room 120), or Mrs. Wray (Room 207) by **Friday, September 21**. If your response is "No," check the appropriate statement and return this form only.

_____ **YES**, I am interested. Attached is my child's completed registration form.

_____ **NO**, I am not interested.
