

Family Access Registration Form

Family Access is a web-based application that allows you, the Parent/Guardian, to view information for your child's current school year from any personal computer with internet capability. Family Access will allow you to view attendance, grades, and other school information.

To protect the privacy of student information, you will be required to provide proof of parental rights or guardianship before a Family Access account can be created. Please complete this form in its entirety and return it in-person to the Principal's office where your child will attend. Be sure to take your identification and a copy of your child's birth certificate. By completing this form, you hereby request the creation of a Family Access account and authorize Mifflin County School District to link your child's information to this account.

Please check the appropriate selection below:

- checkbox Please create a new Family Access account
checkbox Please update my information in Family Access
checkbox Please add another student to my existing Family Access account
