Building Leader

October 5, 2018

Dear Parents and Guardians of Strodes Mills Elementary School Students,

On behalf of our superintendent, Mr. James Estep, we would like to make you aware of our continued efforts to maintain the safety and security of all students. In order to be as prepared as possible we will be practicing safety drills throughout the school year. We will be providing instruction to your student on protocols for fire, evacuation, severe weather and intruder drills (lockdown). During this instruction, teachers at Strodes Mills Elementary school will lead students through a series of steps so that they are as prepared as possible in the event of a real-life situation.

Strodes Mills Elementary plans to conduct a lockdown drill during the month of October. We will invite local Emergency Management System and Pennsylvania State Police to participate in our security drill so they can provide us with valuable feedback on our safety drill procedures.

Safety is our number one priority, and we want to reassure families that we are doing everything we can to maintain security in all district buildings. If you have any questions or concerns about our school's safety and security, please do not hesitate to contact us.

Respectfully,

Frank Miller
