

# Creating an Account in BrainPop

School account information can be found on the **Intranet**. To log in to the Intranet, go to the **MCS D Homepage** and click the Intranet link in the menu at the top.

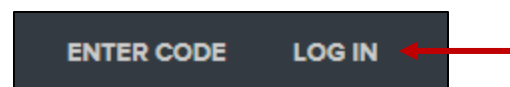

Log in to the Intranet using your **MCS D Username and Password**.  
\*NOTE: Students are NOT permitted to access the Intranet.

The link for BrainPop Educator codes are listed in the first row.

Here you will find generic codes that simply allow access the site. There is an account set up for each school. The password for all schools is *pop*.

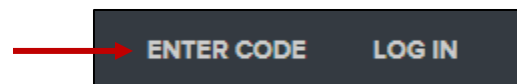

However if you wish to create your own account, you will use the Educator Code that is listed next to your home school. Creating your own BrainPOP account will allow you to create classes, assign work to students, and track student progress.

## To Use the Generic Account:

Open the **BrainPop website** and click **LOG IN** in the top right corner. ([www.brainpop.com](http://www.brainpop.com))  
Type the generic username for your home school and *pop* for the password.

## To Set Up Your Own Account:

1. Click the **ENTER CODE** button in the top right corner of the screen.
2. Enter the Educator code for your school.
3. If this is your first time creating an account, fill out the information that is requested.
4. If you already have an account, click **LOG IN** and enter your username/password. You will now be associated with a school determined by the Educator Code that you entered.
