- kindergarten readiness workshops.

3. Parental Engagement

- 1% Set aside
 - If a district receives over \$500,000, 1% must be set aside for parent engagement activities. Each building offers different initiatives. For example, SMES does an activity called, “One Book, One School”, while LES holds multiple Book Bingo nights.
- Approval of Title I Parent Engagement District Policy
 - Mr. Miller provided a copy of the district’s parent engagement policy to attendees at the May 5th meeting. He asked attendees to notify him if they felt any changes were necessary. Because no requests for changes were received, he would like to move forward with adopting the policy for the 2022-2023 school year. Mr. Lucas made a motion to adopt the policy, which was seconded by Mrs. Kammerer.
- Develop Board Policy #918 for ESSA compliance
 - To ensure compliance with the, “Every Student Succeeds Act”, each school district will need to develop Board Policy #918, which pertains to parent engagement activities. The State Parent Advisory Council (SPAC) and PSBA have released a new format that districts can use. Mr. Miller hopes that MCSD’s policy will be adopted by next year.
- Parental Engagement Coordinators
 - Each K-3 building has a designated parent engagement coordinator. In addition to planning parent engagement activities, coordinators develop a building needs assessment, a building level parent engagement policy, and compact.

5. Right to Know & Appropriate State Certifications
 - Parents must be notified if their child is being taught by a teacher, who lacks the appropriate state certification. Unfortunately, this is occurring more often because of the teacher shortage.

2. Expenditures

- Funds are used to pay for the salary and benefits of the district's full-day kindergarten teachers.
 - Mr. Lucas asked if the district ever analyzed the data to see if moving to full-day kindergarten made a difference in regards to child development. Mr. Miller said it would be hard to compare the data, as state standards and other factors have changed since half-day kindergarten was offered years ago.
 - Mr. Varner said a lot of families depend on full-day kindergarten so that they can return to work. Children also depend on the meals they receive while at school.
 - Mr. Varner also noted that a fiscal cliff is coming in 2024 when many federal grants will end. Funds are being used to pay for projects that the district would have had to pay for otherwise (ex: the HVAC project at LIS).
 - Mr. DeArment will also need to evaluate the effectiveness of many academic programs that were purchased with federal funds.
 - Mr. Miller is hopeful that additional grants will continue to become available, so the district can maintain as many new positions as possible.
 - Ms. Sigler thanked the administration for working together to organize the grants. She is concerned that education may face a decrease in funding or experience the fiscal cliff sooner than expected, depending on the results of the upcoming election.

- Mr. Lucas recently met with Paul Maidens, the district's Chief Operations Officer, to update school emergency plans.
- Mr. Lucas is very excited to have a fourth SRO in the district. He feels they make a difference in how law enforcement and students interact. Mrs. Marsh mirrored Mr. Lucas's sentiment and said that SROs have been invited to attend Safety Care training, which is the model the district uses to deescalate student behavior.

- Last year, there were three crisis responses to schools. Over 25 officers responded from local police departments, the Sheriff's office, the Game Commission, and the Pennsylvania State Police. Mr. Lucas has made sure that everyone is on the same radio channel and will be working to provide additional training for officers in the school to reinforce best practices.
 - Mr. Lucas is also working with Mr. White, the Director of Buildings and Grounds, to update the imagery of each district building, so 911 can provide a better response.
