Mrs. Fleck- Learning Support

I had a nice welcome back to Mifflin County after being in North Carolina, working at Methodist University Admissions. Many families I remember from my 20 years of service to the Mifflin County 4-H program and Penn State University. I am excited to be part of MCJHS! In my free time I enjoy game night with family and friends, coaching youth softball and training my mastiff puppy to hopefully be a great therapy dog.

Mr. Kubalak- 9th Grade Biology

Hello! Graduating from the University of Pittsburgh in 2022 with my biology degree, I am currently finishing my final semester at PennWest University-California earning my MAT with a concentration in biology. Before coming to Mifflin County, I worked as a substitute teacher at various school districts in the area as well as coached football, basketball, and track and field at Penns Valley Area. I have a strong passion for the subject of biology and am extremely excited to share that passion with my students. In my free time I try to spend plenty of time outdoors and enjoy fishing and hiking, watching football, and I love to spend time with my friends and family.

Husky Resources

Student Assistance Program (SAP)

The MCJH Student Assistance Program (SAP) Team is a group of professionals dedicated to helping to identify and assist students who may be struggling with life issues that are interfering with school performance. The SAP team consists of teachers, administrators, school counselors, social workers, nurses, and representatives from community agencies who have been specially trained to work with students and make appropriate referrals. This help is provided in a completely non disciplinary way. Based on the diverse needs of our students, this process may include an interview with a member of the SAP team, a counseling group, or individual counseling with the school-based therapist or social worker. Services may include academic support; behavior management; drug and alcohol education, prevention, assessment and treatment through Clear Concepts; anger management; mental health assessment through the Youth Advocate Program; conflict resolution, or involvement in community agencies. All SAP-related services are free and confidential. A parent or guardian must sign a permission for SAP services. Any student, parent, or teacher may make a referral. If you have concerns for a MCSD student in grades K12, please contact an administrator, school counselor, or school nurse.
