Revised September 2026

East Derry Elementary Title I Home-School Compact 2026-2027

Our Community's Learning Responsibilities

Each member of our Learning Community has a different, and important role in our student's success.

The staff at East Derry Elementary will provide a high-quality education in a supportive, nurturing environment by doing the following:

- Teach a curriculum aligned with the Mifflin County School District approved curriculum.
- Meet the individual learning styles of each child.
- Provide a safe, active learning environment.
- Communicate regularly with parents.
- Help to build the self-esteem of every child.
- Help all children see that learning is for a lifetime.

We, the parents, realizing the value of education will do the following:

- Encourage positive attitudes toward school and teachers.
- Be an active participant in my child's education.
- Offer assistance with assignments and check for understanding.
- Provide a quiet place to complete homework and read.
- Attend parent-teacher conferences and be available to teachers.
- Require regular school attendance and punctuality.
- Ask questions about my child's progress.

I, the student, in order to have a successful school experience will do the following:

- Will follow the 3RS (Respectful, Responsible, Ready, Safe).
- Stay on task
- Ask for help when I need it.
- Follow class and school rules.
