MONTH XX, XXXX

Dear Parent/Guardian:

On December 15, 2015, a new Federal education law was signed by the President. This law, the Every Student Succeeds Act (ESSA), requires schools that receive federal Title I funding to ensure that all teachers teaching in a program supported with Title I funding hold appropriate state certification and licensure, including any requirements for certification obtained through alternative routes of certification.

The new law also requires us to notify parents if their child is being taught for four or more consecutive weeks by a teacher in a Title I school or program who does not yet meet the definition of "appropriate state certification".

This letter is to inform you that your child's teacher, _____, is in the process of meeting those requirements, and we are providing him/her the support necessary for success.

Your child's teacher is dedicated to the success of every child in the class. While report cards are an important measure of student success, they are not the only opportunity you have to assess your child's achievement and growth. As the year progresses, please feel free to contact us and request additional information regarding your child's progress.

I thank you for your continued support of your child's education and encourage you to communicate with his or her teacher regularly so that together we can provide your child with the best education possible.

Sincerely,

Travis H. Zook
Principal
